Andrew Brissette
conceptVIZ
PO Box 6561, Denver CO 80206

To whom this concerns,

We had the pleasure of using conceptVIZ and specifically, Andrew Brissette on a contract basis for a large and complex BIM project over a period of 4 months. Andrew was professional throughout this challenging project, did his work in an organized and expedient manner, and kept his invoicing and contracts up to date and easy to work with. His work included producing architectural wall and ceiling information in REVIT and coordinating this work with our in-house team. We found him easy to work with and eager to learn our particular modeling process and delivery goals. I would hire conceptVIZ again for modeling services.

Please do not hesitate to call me for additional information.

Sincerely,
